"Oscar" is a 50lb, 1.5 year old Irish Wolfhound mix we bailed from VVAPL in dire need of grooming. Funky Poodle did a great job! As of 7/15/03 Oscar is still seeking a permanent home.

His name is AusSome, he used to be cage # A1- Owner Turn In (OTI). He is a little bit Australian Shepherd and a little bit...

well no one knows for sure. "Local Rescue" bailed AusSome from the shelter and got him into a foster home. In no time he had cleared the 6 foot fence. This was a serious problem! Who would foster him now? How will we ever get him adopted? We were in a major predicament. He would have to have the perfect home with someone willing to work with him. As luck would have it that person was put in contact with us after we sent out a plea for HELP! A gal named Lorrie (a.k.a. Lorrie "Bitchen") came to our rescue. Lorrie has 2 Dalmatians that are great Frisbee dogs. One is a retired World Finalist. Lorrie decided to work with and adopt our fence jumper. She must be doing a great job because AusSome scored 29 1/2 points at a recent U.F.O. competition in the open division. He caught a 40 yard throw by Lorrie's son in a Lancaster event and will be entering the Quadruped in Colorado where nothing under 50 yards is accepted. AusSome can pull off a 50 yard catch several times a day.

Dumped by her owner at VVAPL. We were able to network her and her babies to GRCGLA (Golden Rescue).

Two more happy endings! Siamese cats, Sonny (a young stray with a nasal pollup) & Cher (an 8 year old owner turn in), now reside in San Diego together!

AusSome at Shelter

**Thank You Victorville**

**for your support!**

He can do 10' back vaults (this is when the dog uses a human body for momentum). He loves to do chest vaults with a flip. Even though AusSome is so awesome now he has not forgotten where he came from and the importance of helping others. Recently he rescued a pregnant stray cat. He found her in the bushes and stayed there until someone came to get her out. The cat is now being fostered by AusSome. He checks on her often and they have bonded. Just another Happy Ending. We know we can not save them all, but we sure can make a difference one by one. On our website we have many more photos of pets that have found Happy Endings.
